

Product Highlights

Connect your PC to the D-Link DKVM-4U/C, KVM-440/C or KVM-450/C KVM switch

The cable is equipped with USB Type-A and 15-pin HDB connectors for connecting your PC to the DKVM-4U/C, KVM-440/C or KVM-450/C KVM switch.

Several cables in one assembly

Due to combining several cables in one assembly the DKVM-CU allows you to save space on your table.

DKVM-CU

1.8 m KVM cable with VGA and USB

Specifications

- VGA & USB connectors
- 1.8 m length

The DKVM-CU 1.8 m KVM cable allows you to connect your PC to the D-Link DKVM-4U/C, KVM-440/C or KVM-450/C KVM switch. The cable has one USB Type-A connector for connecting to the USB Type-A port on your PC and two 15-pin HDB connectors for connecting to the VGA port on your PC and on the KVM switch.

The DKVM-CU combines several cables in one assembly, thus allowing you to save space on your table.
